

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors (“the Board”) of Thong Guan Industries Berhad (“the Company”) is committed to maintain good corporate governance throughout the group in its effort to ensure long-term sustainable growth and to safeguard, protect and enhance shareholders’ value.

The Corporate Governance Overview Statement sets out how the Company and its subsidiaries (“the Group”) has applied the Principles and Practices and the approach the Board will take to steer the Group to apply such Principles and Practices as prescribed by the Malaysian Code on Corporate Governance (MCCG 2021).

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

I. Board Responsibilities

The Board takes full responsibilities for the overall performance of the Group by providing leadership and direction as well as management supervision. As a whole, the Board is the ultimate decision making body. Further to its legal responsibilities, the Board assumes full responsibility for the Group’s strategic direction, overseeing the proper conduct of the Group’s business, identifying principal risks and ensuring the implementation of systems to manage risks, succession planning, developing investor relations programme, reviewing the adequacy and integrity of the Group’s internal control systems and management information systems, establishing goals for management and monitoring the achievement of these goals.

There is a clear separate division of responsibility of the role and duties of Chairman and Managing Director. Chairman of the Board is responsible for leading the Board and oversee the Board in the effective discharge of its supervisory role and facilitate effective contribution of all members of the Board during meetings. Managing Director is responsible for the vision and strategic direction of the Group.

The Board has established 3 Board Committees (“Committees”) to assist in the performance of its stewardship duties under specific terms of reference (“TOR”). The Committees established are the Audit Committee (“AC”), the Nominating Committee (“NC”) and the Remuneration Committee (“RC”). These Committees comprised of all Independent Non-Executive Directors (“INEDs”). The composition of the Board and Board Committees are more particularly described under Board composition. The TOR for 3 Board Committees are available on the corporate website at www.thongguan.com.

All decisions and deliberations at Committee level are documented by the Company Secretary in the minutes of meetings. The Chairman of the respective Board Committees reports on the outcome and recommendations of the Board Committee meetings to the Board for further deliberation and approval. Such reporting and ensuing deliberation, if any, is detailed in the minutes of Board meeting. The Committees’ function is to principally assist the Board in the execution of its duties and responsibilities to enhance operational and business efficiency and efficacy. The Board reviews the Committees’ authority and terms of reference from time to time to ensure its relevance and enhance its efficacy.

The Board has responsibilities which are discharged in the best interests of the Company in pursuance of its regulatory and commercial objective. The key responsibilities of the Board include:

a) Reviewing and adopting the Group’s Strategic plans

The Board is collectively responsible for oversight and overall management of the Group. The Executive Directors are normally involved in the deliberation of the overall Group strategy and direction, major acquisition and/or divestment, approval of major capital expenditure, consideration of significant financial matters and review of financial and operating performance of the Group.

b) Overseeing the conduct of the Group’s business

The Executive Directors are responsible for the day-to-day operational management of the Group, implementing the policies and decisions of the Board, overseeing business operations as well as coordinating the development and implementation of business and corporate strategies. On the other hand, the INEDs do not engage in the daily management of the Group. Their presence bring objectivity and independence to any evaluation of strategic performance or resources related issues. In this manner, the INEDs fulfil a crucial corporate accountability role as they provide independent and objective views, opinions and judgment on issues being deliberated.

The Board is of the opinion that the Managing Director, with the assistance and support from the Executive Directors and key management, is responsible for the day-to-day operations of the Group and represents Management to the Board.

c) Identifying principal risks and ensuring the implementation of appropriate systems to manage them

The management, with the assistance from the Internal Audit (“IA”), has implemented the Enterprise Risk Management processes and formed a Risk Management Committee to identify, assess and monitor risks impacting the Group’s business and supporting activities. The details of the risk management are set out in the Statement on Risk Management and Internal Control (“SORMIC”) of this Annual Report.

d) Succession planning

The management, as guided by the Managing Director, is responsible for ensuring that there is effective and orderly succession planning in the Company at all levels.

e) Reviewing the adequacy and integrity of the management information and internal control system of the Company.

The Board acknowledges its responsibilities for the adequacy and integrity of the Groups' internal control system. Details pertaining to the Groups' internal control system and its effectiveness are available in the SORMIC of this Annual Report 2022.

The Chairman ensures that all Directors have full access to information with Board papers and agendas on matters requiring the Board's consideration issued with appropriate notice in advance of each meeting to enable Directors to obtain further explanations from the Managing Director or his management team, where necessary, in order to be briefed properly before the meetings. Meeting papers on issues or corporate proposals which are deemed confidential and sensitive would only be presented to the Directors during the meeting itself. Management is invited to provide Directors with updates on business and operational matters or clarify items tabled to the Board. Verbal explanation and briefings are also provided by management to enhance understanding of the matters under discussions.

All Directors have access to the advice and services of the two (2) Company Secretaries (both are qualified to act as company secretary under the Companies Act 2016 ("CA2016")). The Board, whether as a full board or in their individual capacity, may upon approval of the Board, seek independent professional advice if required, in discharge of their duties, at the Company's expense.

II. Sustainability Risks and Opportunities

a) Sustainability Governance Structure

The Board is responsible to embed sustainability in the Group's strategy and operations. The Board is assisted by the executive director and executive committee who oversees the formulation, implementation and effective management of the Company's sustainability strategies and targets. The Sustainability Governance Structure can be found in the Sustainability Statement on page 51 of this Annual Report. The executive committee provides leadership, direction and targets for the sustainability priorities of the Group. The Sustainability Officer drives the implementation of the priorities and tracks relevant measurements and targets.

b) Key Sustainability Matters

In order to ensure the Board is kept abreast with and understand sustainability issues related to the Group's business and operations, Management had presented to the Board key sustainability matters, including climate-related risks and opportunities.

c) Stakeholder Engagement

The Group's key sustainability matters are communicated through Thong Guan's website, and targeted engagements with customers, vendors, relevant authorities and community leaders. Multiple engagements are also done with internal stakeholders who are responsible for driving and executing the sustainability initiatives. III. Board Composition

The Board recognises the benefits of having a diverse Board to ensure that the mix and profiles of the Board members in terms of age and ethnicity, provide the necessary range of perspectives, experience and expertise required to achieve effective stewardship and management.

IV. Nominating Committee (NC) (Cont'd)

The Board acknowledges the recommendation of the policy on gender diversity. However, the Board has yet to establish a specific policy on gender diversity. The Board believes it is not necessary to adopt a formal gender diversity policy as the Company is committed to provide fair and equal opportunities and nurturing diversity within the Group. The evaluation of the suitability of candidate is based on the candidate's competency, character, time commitment, integrity, performance and experience to bring value and expertise to the Board. The Board acknowledges the benefits of having participation of woman director on the Board in term of providing different perspectives and insights for effective decision making. The Board appointed a woman director during the financial year in compliance para 15.02 of the MMLR.

The NC met to deliberate on the retirement by rotation of Directors and their eligibility for re-election at the Company's Annual General Meeting ("AGM"). New appointees will be considered and evaluated by the NC before recommending the candidates to be approved and appointed by the Board. During FY2022, Mr. Lee Kean Teong and Ms. Teoh Mei Shean were appointed by the Board as there was no NC following retirement of former member of NC. The Company secretary will ensure that all appointments are properly made, and that legal and regulatory obligations are met.

The directors who are subject to re-election and/or re-appointment at the next AGM are assessed by the NC and upon satisfactory evaluation of the Directors, be recommended to the Board and shareholders for re-election and/or re-appointment. The statement for justification of re-election of Director have been disclosed in the notice of AGM. Appropriate assessment and recommendation by the NC is based on the annual assessment conducted. The RC is authorised, inter-alia, to recommend to the Board the remuneration packages for the Executive Directors of the Company and set up a broad policy or framework for all elements of remuneration for the Directors.

The remuneration of the Non-Executive Directors is linked to their experience and level of responsibilities undertaken by them as well as the onerous responsibilities and challenges in discharging their fiduciary duties. Non-Executive Directors are paid fixed annual fees and allowances as members of the Board and Board Committees. The Group adopts a remuneration package that is responsive to the market elements as well as performance of the Group and its business divisions.

The Board acknowledged the need for transparency in the disclosure of its Senior Management's remuneration. Nonetheless, it takes the view that such disclosure might be detrimental to the Group's business interests given the highly competitive human resources environment in which the Group operates where intense head hunting for the candidates with the requisite expertise, knowledge and relevant professional experience is the norm. As such, disclosure of specific remuneration information could give rise to recruitment and talent retention issues going forward.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

I. Audit Committee

The AC of the Company comprises three (3) INEDs. The AC is chaired by Mr. Lee Kean Teong. He is not the Chairman of the Board. He is former audit partner in the KPMG PLT audit firm and retired on 31 December 2014. There is no policy to require a person who is a former key audit partner observe a cooling-off period of at least 3 years before being appointed a member of the AC. In the annual assessment on the suitability, objectivity and independence of the external auditors, the AC is guided by the criteria as prescribed under Paragraph 15.21 of the MMLR as well as the External Auditor Assessment Policy adopted by the Company.

Annually, the term of office and composition of AC is reviewed by the NC and recommended to the Board for its approval. As reported, the Board is satisfied with the outcome of the assessment of the performance of the AC as its members possessed the necessary knowledge, experiences and skills, for the overall effectiveness of the AC.

The AC currently comprised individuals with professional experiences in financial management, general management, audit, tax and strategic planning, amongst other. All members are financially literate and are able to read, interpret and understand the financial statements. This diversity in skills and knowledge coupled with financial literacy allows the AC to discharge their roles and responsibility effectively.

An overview of the Audit committee activities is spelt out in this Annual report under Audit Committee Report.

The Group has established a management level Risk Management Committee ("RMC"). The RMC is led by an executive director as the Chief Risk Officer and populated by head of the various reporting entities. The RMC undertakes annual risk review in the Group's businesses and operations. The AC will report to the Board on exception only basis if there are any changes in the risk identified. Details on the internal audit function are discussed under SORMIC in Annual Report 2022.

CORPORATE GOVERNANCE OVERVIEW STATEMENT (Cont'd)

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

The notices of the general meetings are sent to shareholders and auditor. The notices are also published in a national newspaper and released through Bursa Securities for public dissemination. Members of the Board attend the AGM to answer queries and concerns from the shareholders. All suggestions and comments put forth by shareholders will be noted by the Board for consideration.

The general meetings are useful forums for shareholders to engage directly with the Board and senior management. The shareholders are at liberty to raise questions or seek clarification on the agenda of the meeting from the Board and the senior management.

The Chairman of the meeting had at the last 27th AGM of the Company expressed that every member present virtually at the AGM either in person, or by proxy or corporate representative has the right to participate, ask question and vote on the resolutions as stated in the notice of AGM. During the AGM, shareholders posed questions in the question and answer icon. Question of similar nature raised by shareholders had been grouped together for a more structure response from Board. The minutes of AGM were then posted on its website.
